### National IA Training Standard for INFOSEC Professionals

**Title:** National IA Training Standard for INFOSEC Professionals

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for DOD Information Technology Standards

**Title:** National IA Training Standard for DOD Information Technology Standards

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Protecting CUI in Nonfederal Systems

**Title:** National IA Training Standard for Protecting CUI in Nonfederal Systems

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Safeguarding COMSEC Facilities and Information Systems

**Title:** National IA Training Standard for Safeguarding COMSEC Facilities and Information Systems

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Protecting CUI in Federal Systems

**Title:** National IA Training Standard for Protecting CUI in Federal Systems

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for National Policy and Procedures for Mgt and Use of Approved Sec Containers in Info Security Applications

**Title:** National IA Training Standard for National Policy and Procedures for Mgt and Use of Approved Sec Containers in Info Security Applications

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Computer Forensics Operations

**Title:** National IA Training Standard for Computer Forensics Operations

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Technical Security Policy Administration

**Title:** National IA Training Standard for Technical Security Policy Administration

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Safeguarding Information and Information Systems Security

**Title:** National IA Training Standard for Safeguarding Information and Information Systems Security

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for National Policy on Assured Info Sharing

**Title:** National IA Training Standard for National Policy on Assured Info Sharing

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for LEAD Cybersecurity Program Development

**Title:** National IA Training Standard for LEAD Cybersecurity Program Development

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Cybersecurity Related Policies and Issuances

**Title:** National IA Training Standard for Cybersecurity Related Policies and Issuances

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Polici

**Title:** National IA Training Standard for Operational/Technical Polici

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.

### National IA Training Standard for Operational/Technical Policies

**Title:** National IA Training Standard for Operational/Technical Policies

**Purpose:** To develop and maintain a skilled, trained, and ready network of Information Assurance (IA) personnel.

**Scope:** Children and personnel of the United States government.

**Description:** This standard defines the minimum knowledge, skills, and abilities required of all Information Assurance personnel.
